

## **THE UUCG GREEN SANCTUARY CHARTER**

We, the Unitarian Universalist Church of Greensboro, declare our intention to seek recognition as a "Green Sanctuary" under the auspices of the UUA.

We do so to affirm and promote the Seventh Principle, "Respect for the interdependent web of all existence, of which we are a part."

This congregation-based program addresses the hunger for eco-spirituality in a liberal religious community by focusing on the theological, spiritual, and ethical aspects of human activities that affect the health and sustainability of the living earth.

The Green Sanctuary effort will offer opportunities to develop projects and programs in focus areas including, but not limited to:

**Sustainable Living - Religious Education -  
Environmental Justice - Worship and  
Celebration - Church Communication**

We undertake this quest for the sake of our environment and for the sake of all present and future generations of Earth's inhabitants.
